

The background features a grid with yellow diagonal stripes. A faint illustration of a woman with blonde curly hair is visible. A large white thought bubble with a black outline is centered in the upper half. Inside the bubble, the text reads: "I love you so much" in a large, bold, black font, and "my vagus nerve gets overwhelmed with acetylcholine" in a smaller, bold, black font below it. The thought bubble is connected to the main grid by several smaller circles. ECG waveforms are overlaid on the grid, with labels V4, aVF, V3, and V6. The text "To: _____" and "From: _____" is located at the bottom of the grid.

I love you so much
my vagus nerve gets overwhelmed with acetylcholine

To: _____

From: _____
